for 2 or 3 ~~patients~~ chronic cases in the  
hospital for a few days, if they should  
require prescription, (vicariously for him) to  
which he consented, but that he did  
not relinquish the <sup>charge</sup> ~~responsibility~~ of the  
Hospital as attend-  
ing Physician.

2<sup>d</sup> Alteration, That the Hospital Physi-  
cian enquire of the owners of the Small  
pox patients, whether it be their desire  
that said patients be under the care  
of any other than the attending Physi-  
cian of the Hospital. The minutes  
as now read and ~~accepted~~ <sup>corrected</sup>, were confirmed.

On motion for reconsideration, so  
much as the following Resolution

was amended, so as to read that all  
patients introduced into the city hospi-  
tal be placed under the professional  
care of the Physician in Attendance  
according to the contract entered into  
between the City Council of New York  
and the Trustees of the Med. Socy. &c.  
<sup>A communication was then read from Dr. Robertson.</sup>  
It was resolved that a committee  
of two be appointed to prepare an an-  
swer to Dr. Robertson's communication  
and report to a subsequent meeting.  
Resolved that Drs. Sugas & P. F. Eve be  
that committee.

The Faculty on motion, adjourned to  
meet again on Monday next, the 22<sup>d</sup> at  
1 o'clock P. M. P. Paul F. Eve - Secy.

Monday 22<sup>d</sup> Jan'y. 1838. The Faculty  
according to adjournment met this day at 1  
o'clock P. M. — Present Drs. Antony New-  
ton, Sugas & P. F. Eve & J. A. Eve.  
The minutes of the last meeting were  
read and confirmed.

Dr. Dugas then read the report of the Com-  
mittee appointed at the last meeting,  
which was accepted, and on motion ordered  
to be entered upon the minutes, and  
a copy of it sent to Dr. Robertson.

The following is the report: Sir, In re-  
ply to your communication of the 19<sup>th</sup> Inst.  
the Faculty now transmit to you a <sup>copy</sup> of the proceedings & cases which led  
to the adoption of the resolutions here  
after given.

At a meeting of the Faculty, held on the  
16<sup>th</sup> inst. for student purposes, it was mentioned  
by a member that he had been informed that  
the Hospital was no longer under the charge  
of the Faculty; to which Dr. Jas. S. Eve made  
the following reply: "That Dr. Robertson offered to  
provide for 2 or 3 Chronic cases in the Hospital,  
for a few days, if they should require prescription,  
(vicariously for him,) to which he consented, but that  
he did not relinquish the charge of the Hospital  
as attending Physician; and concluded with a request  
that some other member of the Faculty relieve him  
from the charge, inasmuch as he had been atten-  
ding already longer than the period allotted to each.  
Dr. J. S. Eve was then appointed attending Physician  
and the following resolution passed. That all  
patients introduced into the City Hospital be  
placed under the professional care of the Faculty."

Attendance, unless ordered otherwise by the City Council.

The question now very naturally arose whether the Attending Physician should take charge of the small poor patients or not. It was well known that one of the cases, Mr. Mahony's woman, occurred in his own practice, and that courtesy required that she should remain under your prescription, but it was thought that the others had been sent to the Hospital to be placed under the care of the attending Physician, whoever he might be. As you had incidentally required the charge of them, the Faculty did not wish to withdraw them from your care, if their masters desired them to remain so. In order therefore to ascertain the will of said owners on the subject, the following resolution was adopted: "That the Hospital Physician enquire of the owners of the small poor patients, whether it be their desire that said patients be under the care of any other than the attending Physician of the Hospital."

In pursuance of the above resolutions, the Faculty have been actuated, by the sole desire to fulfil their contract with the City Council who have placed the Hospital under their special charge. They utterly disclaim any intention to wound the feelings of yourself or of any one else. In the discharge of their duty they have resolved to take charge of all patients sent to the Hospital. This is not intended to apply to yourself more than to any other practitioner of the city. It will be conceded by all that the service of the Institution would be very materially embarrassed were admitted into it as many practitioners as

22  
there might be patients. (yet such might  
become the case without the enforcement of the  
principle laid down in the first resolution,  
and the second resolution was but a means of  
carrying out the first.

With regard to your request for the names  
of the mover, the voters, &c, on those resolutions,  
the Faculty respectfully decline any reply, because  
do not think it proper to permit such inquisition  
into their actions. They wish it, however, to be  
understood the resolutions were adopted  
unanimously & must therefore be regarded as the  
act of the whole Faculty.

It was resolved, That we declare a divi-  
dend of \$150 00 to each professor.

Also, that the Dean communicate to the  
Rector of the Richmond Academy, that the  
Academy Students are in the habit of tres-  
passing upon the premises of the College,  
and that to day without provocation they  
broke the windows of the College build-  
ing.

Dr. Cunningham arrived during the de-  
liberations of the meeting. The faculty  
adjourned sine die.
